# GROHE NOW ENTERS THE WORLD OF CERAMICS **CREATING PERFECTLY COORDINATED BATHROOMS**

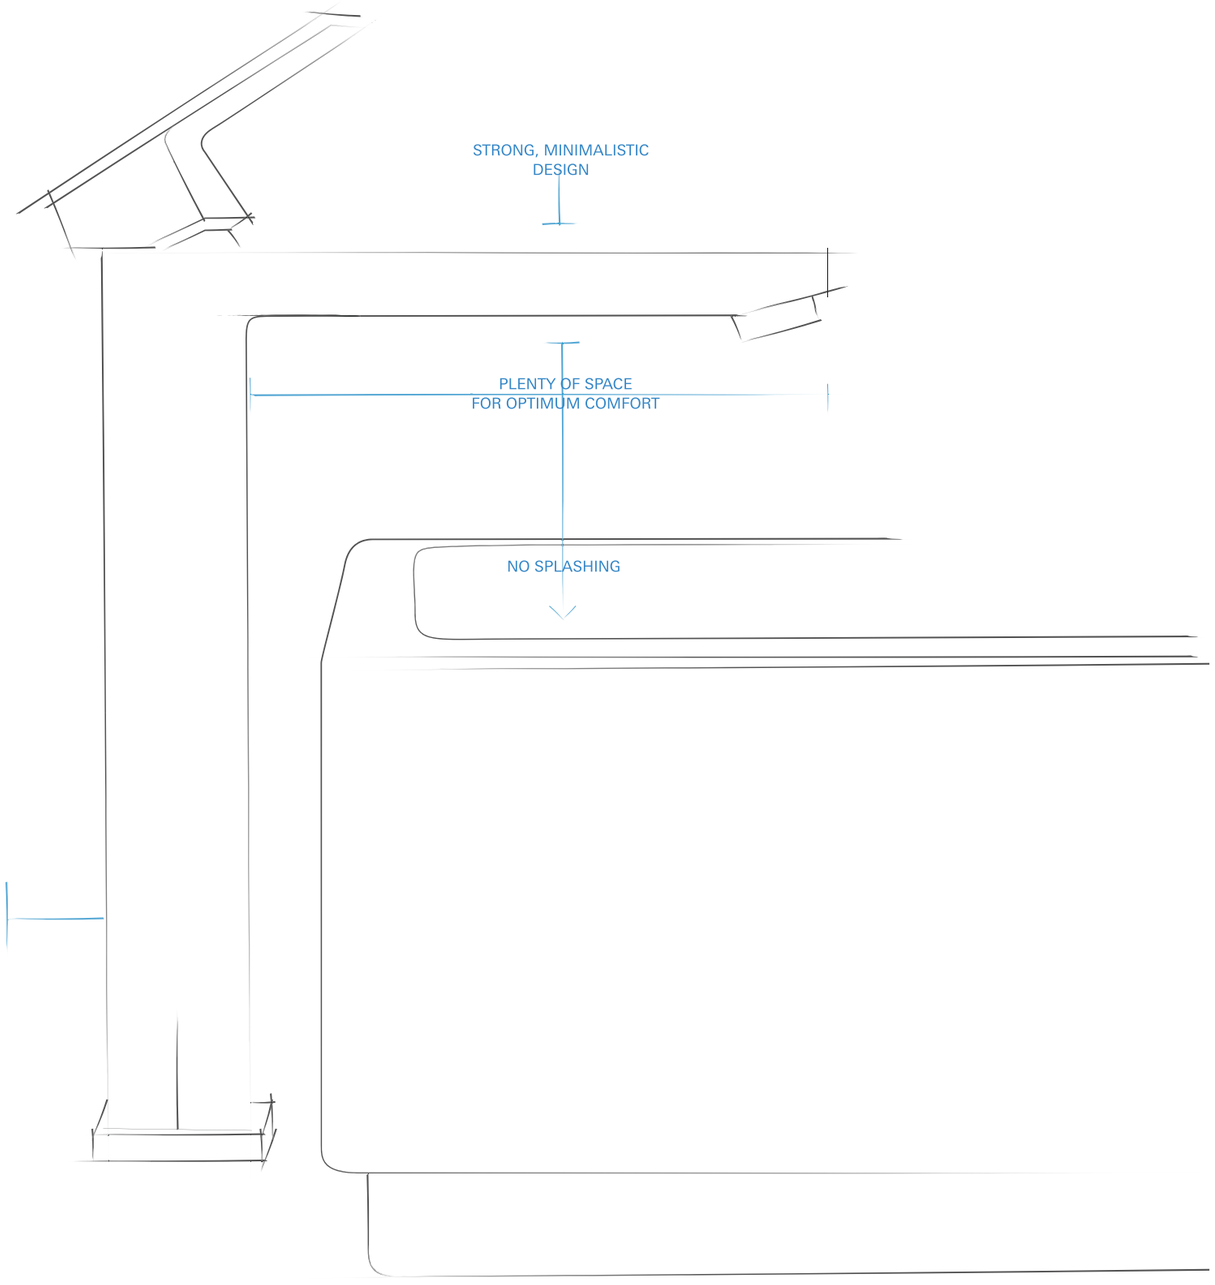

"We believe that a complete bathroom solution is the key to customer satisfaction."

MICHAEL RAUTERKUS, GROHE AG CEO

# **GROHE CERAMICS:** MADE TO MATCH IN FORM AND FUNCTION

Finding a perfect match isn’t easy. That’s also true for the bathroom because our ceramics come with a selection of recommended combinations that fit our faucets, showers and sanitary systems they complement one another in both design and technology: the overwhelming variety of options is distilled into one simple choice. Save yourself the trial and error and make only one easy choice: for a perfect match.

# OUR ASPIRATION IS PERFECTION IN EVERY DETAIL **THAT'S WHY WE CREATED PERFECT MATCHES**

With GROHE Ceramics there is no need to rely on guesswork. Our dedicated design team looked at each individual product to determine which faucet and basin shapes look best together, guaranteeing you a seamless, complete design aesthetic. In addition, we physically tested our products against three criterias to make sure every suggested combination offers you a perfect match:

– Easy installation
– No splashing during handwashing
– Plenty of space for optimum comfort

"We wanted to establish a natural relationship between two objects."

MICHAEL SEUM, GROHE VICE PRESIDENT DESIGN

# WE ARE CONVINCED THAT TWO ELEMENTS CAN ACHIEVE PERFECT BALANCE

LET OUR IDEAL COMBINATIONS SURROUND YOU WITH SERENITY

"Only a perfect match can give design the presence it deserves."

MICHAEL SEUM, GROHE VICE PRESIDENT DESIGN

“Our affiliation to one of the leading manufacturers of sanitary ceramics worldwide makes us very proud.”

MICHAEL RAUTERKUS, GROHE AG CEO

The name GROHE stands for a long heritage of engineering excellence and design innovation. For the GROHE collection of bathroom ceramics this trusted heritage is enhanced by parent company LIXIL, bringing decades of technical expertise and experience in the world of sanitaryware and ceramic technology. These two powerful strands combine to offer customers a complete bathroom solution, where each element is perfectly integrated into a unified scheme.

# STAYS SPARKLING WHITE – NO CHANCE FOR BACTERIA AND DIRT

Thanks to GROHE PureGuard, Eurosmart/Euro Ceramic and Eurocube/Cube Ceramic come with an enduring sparkling finish. Long-lasting ions with an anti-bacterial effect prevent bacteria growth and keep your ceramics clean and germ-free.

# LEAVES BACTERIA NOWHERE TO HIDE

With GROHE rimless technology, every surface of your toilet is easy to reach and effortless to keep clean, even in places you can’t see. It makes bacteria hiding in corners and crevices under the rim a thing of the past. GROHE rimless technology leaves bacteria nowhere to hide.

— The technology for fast and easy cleaning

**RIMLESS TECHNOLOGY**

# **TRIPLE VORTEX**
# THE POWER OF THREE: CLEAN AND SILENT

Unlike other toilets, GROHE's innovative Triple Vortex flush system creates a powerful but silent vortex of water that swirls to cover and clean the whole of the bowl. Despite its power, this effective system is unlikely to splash and has low water consumption, with a dual flush option that uses just 5l of water and only 3l for a short flush. Instead of one or two water outlets, the Triple Vortex system flushes from three outlets to create a powerful suction that leaves nothing behind.

— So powerful, it leaves nothing behind

**TRIPLE VORTEX**

# **DOUBLE VORTEX**
# DOUBLE STRENGTH CLEANING

A powerful flush that creates a whirlpool of water to clear and clean the whole of the bowl, every time. The Double Vortex is created with syphonic flushing technology and has two water outlets in the top of the bowl, for a completely clean bowl with very low water consumption – just 4.8L for a full flush and 3L for a short flush.

— So powerful, it leaves nothing behind

**DOUBLE VORTEX**

# OUR UNIQUE
# **CERAMIC DESIGN LINES**

Whatever your lifestyle, whatever your taste, you'll find the perfect combination of products within GROHE's ceramic ranges. Each has its own distinctive qualities and they make creating a visually unified bathroom simple and fun.

# MOMENTS **OF TRUTH**

GROHE's experts announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

Dear customers,

We know your taste is personal, a style which is distinctly and uniquely you. At GROHE, we not only want to enable you to design a modern bathroom, but to enable you to create your own personal sanctuary within your home. Completing our extensive range of faucets, shower systems and accessories, we now also offer a carefully selected range of sanitary ceramics. We just call it “the perfect match” in design and function. With that holistic portfolio, GROHE is your perfect partner for full bathroom solutions.

If you prefer a modern style, our new Plus range of bathroom faucets may be just the perfect solution for you. With its cosmopolitan design, Plus is minimal yet highly inviting. In keeping with the concept of minimalism, these faucets have been reduced to only the necessary elements to achieve the slimmest possible appearance.

Equally, the slim, understated style of our SmartControl Concealed shower interface would also suit a minimalist bathroom design. The combination of a highly intuitive push button and volume control allows you to enjoy your personalised shower experience with any combination of spray modes and water volume from a single wall plate.

Our new SPA Colors range was developed to further customise your bathroom aesthetic to your personal style. Enjoy the freedom of choice between 10 beautiful color and finish combinations, covering a full range of products from faucets to accessories. All with the long-lasting surface quality you rightly expect from a GROHE solution.

At GROHE, we want you to create a room you love. We believe that the key to your satisfaction lies within a holistic range of products from one source. Therefore, GROHE offers your full-line supplier of complete bathroom solutions a comprehensive product range that supplement any style and any project – helping you to realize the very personal bathroom you have always dreamt of.

## SENSUAL MINIMALISM

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

# DISCOVER ENDLESS POSSIBILITIES

With its universal solutions, our GROHE Rapido SmartBox System is the answer for everything. Never before has a rough-in from GROHE offered so many different options and so much flexibility and freedom. And with the GROHE Rapido SmartBox System you can install the box now and decide on a trim in the future.

## NEW TWO-HANDLE THERMOSTATS

Creating a beautiful area for bathing and showering can often be a challenge, since the space available is frequently very limited. The GROHE Rapido SmartBox System offers the luxury of extra space thanks to our super slim trimsets. One great advantage is the extra flexibility that comes with our system, allowing you to install the box now and decide on the final design and look later on.

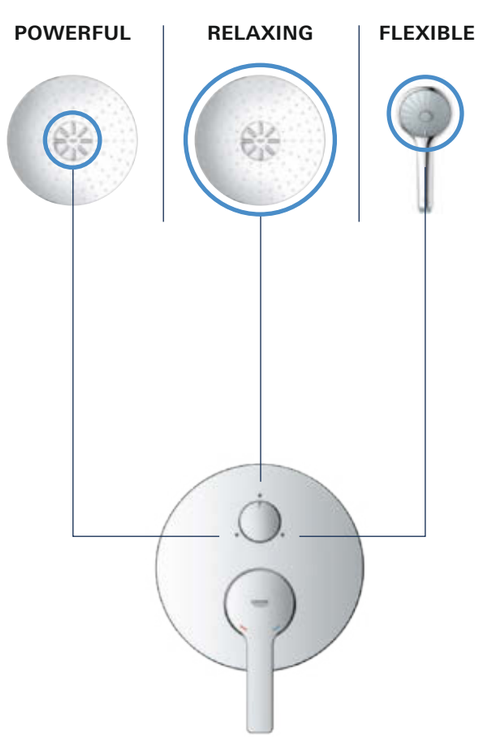

# SHOWER PLEASURE TO **THE POWER OF THREE**

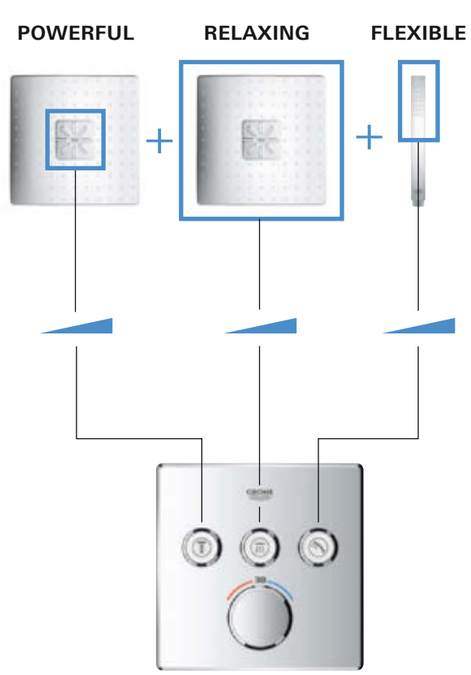

## CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

**GROHTHERM SMARTCONTROL**

**METAL PLATE, ERGONOMIC GRIP**
In keeping with its sleek design, the GROHE SmartControl Concealed uses premium materials. Its ergonomic buttons have a knurled grip for ease of use.

# SLIM IS THE **NEW BEAUTIFUL**

**43 MM TOTAL OUTREACH**
No matter what the installation depth of the rough-in is, the total height of the trim never exceeds 43 mm. The GROHE SmartControl Concealed combines space-saving convenience in the shower and slim good looks.

**THINNER WALL PLATES**
With a height of only 10 mm, its super slim design makes the GROHE SmartControl Concealed wall plate both elegant and space saving.

**HIDDEN SEALING SYSTEM**
The GROHE SmartControl Concealed has an integrated sealing system, completely eliminating water behind the wall.

**SYMBOLS CAN BE CHANGED**
The control knobs come with a range of different symbols, representing the different shower options. These symbols are clear and recognisable and their functionality distinct. They can be individually configured and also easily exchanged if required.

# **SPACE-SAVER**

Designed and engineered for more comfort, convenience and space, our new two-handle thermostats look deceptively simple. All our wo-handle thermostats offer this combination of good looks and extra space.

And the automatic two-way diverter has an outreach of only 43 mm, independent of rough-in installation depth.

# GROHE **THERMOSTATS**

**PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.**

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

# **COMFORT, SAFETY,** SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

### USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50%. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

# GROHE **COOLTOUCH**

### SAFETY FIRST WITH 100% GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm SmartControl, 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100% GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

GROHE CoolTouch safety housing with water cooling

# GROHTHERM SMARTCONTROL

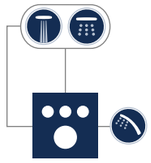

**TURN UP THE VOLUME – OR DOWN IF YOU PREFER**

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow. GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button starts or stops the desired shower.

And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

**SWITCHING SPRAYS?**
**YOU CAN DO IT WITH YOUR EYES SHUT**

Our new thermostats with conventional operation are anything but conventional themselves. We designed them to be as user-friendly and intuitive as possible. Turn on the hand shower by rotating the upper control button slightly to the left. To increase the water flow and obtain a more powerful spray, simply keep turning the button further to the left. And to switch over to the head shower head, turn the control button towards the right.

Continue turning to the right to turn up the volume. Also available as 1-function model to operate a single shower or 2-function model for shower and bath fill operation.

Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

# GROHE SMARTCONTROL **COMBI SHOWER SYSTEM**

**THE BEST OF BOTH WORLDS:**

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “excealed” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

**THE NOT-SO-HIDDEN BENEFITS:**

Space – we'd all like to have more of it, especially in the shower area, where it is often in short supply. So when you have the luxury of planning your shower from scratch, then GROHE SmartControl Concealed is a wonderful option. With its concealed installation and exceedingly slim design, GROHE SmartControl Concealed offers more space under the shower and an uncluttered clean look.

Freedom of design too: GROHE SmartControl Concealed also offers a number of design variants. # **THE SPRAYS**

**ENJOY VARIETY – REJUVENATION OR RELAXATION?**
Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Normal, Champagne spray, Pure, Jet, Rain or Massage – you're guaranteed that it will be an all-over exhilarating experience. The new sprays, GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

**RAIN SPRAY**
Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

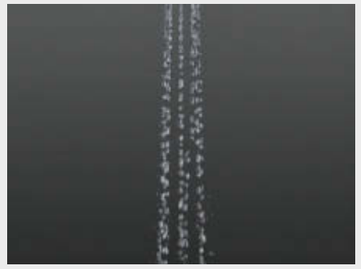

**GROHE RAIN O² SPRAY**
A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

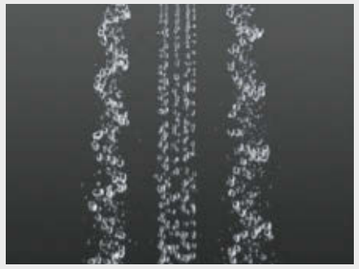

**ACTIVERAIN SPRAY**
Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

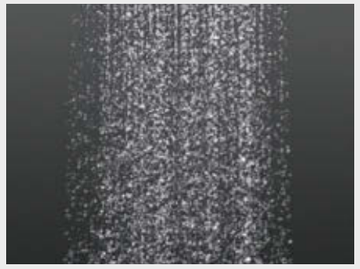

**MASSAGE SPRAY**
A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

**BOKOMA SPRAY**
Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

**TRIOMASSAGE SPRAY**
The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

**SMARTRAIN SPRAY**
All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

**JET SPRAY**
A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

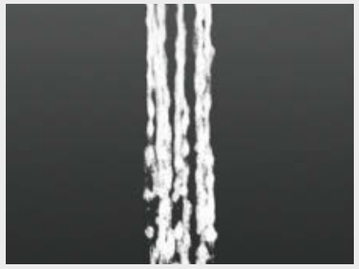

**PURE SPRAY**
The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

**WATERFALL SPRAY**
An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

**DRIZZLE SPRAY**
Revitalizing cool water mist acts like a fresh sea breeze.

**CHAMPAGNE SPRAY**
Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

The Inner WaterGuide protects the outer surface and SpeedClean nozzles on the removable spray face allow for easy cleaning. The extra-strong Silverflex hose with Twistfree functionality gives additional strength to the respective sets.

Our premium Sena trigger sprays feature a strong metal body in elegant minimalist design. The matching valve closes automatically, when the spray is put back into the holder.

To meet your requirements, trigger sprays can be purchased individually or as part of a shower set – with or without a valve.

# **ENJOY A WEALTH OF BENEFITS** THAT WILL FIT YOU LIKE A GLOVE

Your bathroom and toilet should feel like the cleanest space in the house! We know that to feel totally clean you need to have confidence, that your shower toilet is pristine and hygienic too. That's why every design detail has been carefully considered to offer new levels of cleanliness at every stage. Special hygienic coatings and powerful flushing keep the toilet clean while the self-cleaning, anti-bacterial spray arms give you total peace of mind when using the spray function.

**FEEL PERFECTLY CLEAN**

With a selection of fully adjustable sprays, anti-bacterial twin shower arms and unlimited warm water for comfortable cleaning we offer perfect skin care.

**ULTIMATE HYGIENE**

Thanks to our innovative AquaCeramic coating, rimless toilet design, and powerful triple vortex flush, it is hard for dirt and impurities to settle. Our HyperClean glaze reduces the builtup of bacteria by up to 99,9 %. The self-cleaning, anti-bacterial spray arms are protected behind a 99,9 % antibacterial nozzle guard for maximum hygiene. The PlasmaCluster technology removes bacteria, even those hiding in the farthest corner of the bowl or ceramic surface.
