RAK
CERAMICS

ROOM FOR IMAGINATION

At RAK Ceramics we help to create icons, we help to build marvels and our products feature in some of the most iconic buildings in the world.

We are known for our wide product range and our ability to produce bespoke ranges for both small and large scale projects, enabling our clients to bring their ideas to life.

We respect, we inspire, we improve, we deliver; today, tomorrow, no matter the ambition, no matter the challenge, at RAK Ceramics we take care of all the details, however large or small, so you don't have to.

Our passion and expertise combined with this careful attention to detail enables us to provide you with a wide range of integrated ceramics solutions, allowing you freedom to be creative and plenty of room for imagination.

THE COMPANY

RAK Ceramics is one of the largest ceramics' brands in the world. Specialising in ceramic and gres porcelain wall and floor tiles and sanitaryware, we produce 110 million square metres of tiles and 5 million pieces of sanitaryware per year at our 16 state-of-the-art plants across the United Arab Emirates, India, Bangladesh and Iran. Headquartered in the United Arab Emirates, we serve clients in more than 150 countries through our network of operational hubs in Europe, Middle East and North Africa, Asia, North and South America and Australia. Across our global operations we employ approximately 15,000 staff from more than 40 nationalities. We are a publicly listed company on the Abu Dhabi Securities Exchange in the United Arab Emirates and on the Dhaka Stock Exchange in Bangladesh and as a group have an annual turnover of approximately US\$1 billion.

PRODUCTION & QUALITY

Raw Materials, Glaze, Latest Technology and Manufacture

RAK Ceramics is internationally recognized for the high quality of its sanitary ceramics. This quality comes from carefully selected premium rawmaterials that ensure a perfect finish of the products.

Better ingredients, better sanitaryware!

12,000

sanitaryware pieces produced per
day globally

500 PER HOUR

sanitaryware produced every hour
globally

At RAK Ceramics skilled
craftsmen work in
harmony with the latest
robot technology for the
sanitaryware manufacturing.

CERTIFICATIONS & TESTS

Global Approvals & Standards

RAK Ceramics Sanitaryware production is accredited with the world's most reputable certification entities; with national and international certifications for product and processes, RAK Ceramics not only complies to the requirements, but often exceeds the most stringent international standards. Our own water/air severe product testing is performed on the 100% of WC & Bidet production. Only complying products are labeled with our new QC sticker: a seal of quality and performance!

EVOLUTION

Comfort height, updated ergonomics

Over the last 100 years, the average height of people in industrialized nations has increased approximately by 10 cm.
To be innovative in design also means meeting the changes in population and their new needs in terms of ergonomics and comfort.

RAK Ceramics design evolves together with human evolution.

NEW STANDARD HEIGHTS

HIDDEN FIXATION

Hidden Fixation System

It's easy, it's safe.

Our wall hung products are benefitting of the collaboration with Fischer Group, one of the industry leaders. The use of the most innovative Fischer fixing systems, is allowing us design freedom on the ceramic, better aesthetics and more safety for the installer.

The Hidden Fixation System is comfortable and time saving, in fact one-man installation is made possible by the clip system that keeps the ceramic held up during the installation.

RIMLESS

The Ultimate Rimless Technology for your bathroom

RAK Ceramics delivers the ultimate in technology for bathroom suites.

Based on similar design specifications to sanitaryware in hospitals and medical centres, RAK Ceramics Rimless water closets allows you to experience the same high standards of hygiene in your own home.

RAK Ceramics continues to set new standards of hygiene and water efficiency in the sanitaryware industry, with uniquely engineered water flushing systems that effectively remove waste, helping to keep bathrooms fresh and hygienic.

HYGIENIC AND EASY TO CLEAN

The water closets have no rims to harbour germs, making cleaning quick, easy and more hygienic.

WATER SAVING

Using just 4 litres for the full flush and 2.5 litres for the half flush, water usage is reduced by a third.

EFFICIENT DESIGN

Design and efficiency can be successfully combined. Water flows vertically and horizontally, before flushing the entire inner surface of the bowl, without splashing.

SILENT FLUSH

Rimless technology allows a faster and more silent flush.

EASY TO CLEAN,
WITH LOW WATER CONSUMPTION.

Can we save water in our bathrooms?

One of the easiest ways to save water is to install a toilet with a 3 Liters single flush cistern.

RAK Ceramics has developed this innovative watersaving technology specifically for those countries with limited water resources, delivering a system that perfectly flushes with a reduced 3 Liters single flush.

By using a lower volume of water to flush the toilet you can dramatically reduce your annual water consumption.

LOW-FLUSH
50% reduction

- 3L flush: reduce water usage by 50%
- Siphonic flush: efficient, fast and silent.
- Single Eco flush: perfectly flushes the WC no dual flush needed.
- Rough in distance: 305mm
